SKILLS

- Problem solving
- Adaptability
- Critical thinking
- Team worker

INTERESTS

- Music
- Badmintion

TECHNICAL SKILLS

- PYTHON
- R programing
- SQL
- HTML,CSS,JS

LANGUAGES

- English
- Telugu
- Hindi

EXTRA-CURRICULAM ACTIVITIES

- member in ELA club
- participated in ncc in my 10 th class

About Me

Aspiring to be data engineer, good hands on experience in Sql, Web development.

PROJECTS

1. Make my trip database(2022-present)

- Created a data base using sql, Which includes the required data tables for the service portal
- In this I have written queries to analysis this database.

2. Food delivery predicton(2023-present)

- Used long short term memory (LSTM) and predicted more accurate delivery time
- Even compared this model with other machine learning techniques like Random Forest and Decision tree

3. Rice plant disease detection(2023-present)

- Used deep learning model to predict diseases of 9 classes
- Created a model that will predict disease with a accuracy of 93% using Resnet50V2.
- Made a web site and linked this model and also connected to cloud

EDUCATION

- Vellore institute of technology AP(8.98CGPA)
B-Tech(computer science engineering)
(2021-present)
- BIIT junior college
Intermediate (97.1%)
(2019-2021)
- Dr.Kkr's Gowtham international school,vijayawada
Secondary education(10 GPA)
(2018-2019)
